

Virtual Technology Flyer

The virtual flyer is a web based tool that can be used by resellers to help them grow their technology sales. The flyer can be customized with your pricing, your company logo and your call to action. The target audience is the small to medium business (SMB).

The virtual flyer is designed to match the physical printed flyer.

The virtual flyer is FREE for those resellers that are purchasing the physical flyer in quantities of at least 500pcs per month. For customers purchasing less than 500pcs of the physical flyer, or if you only want the virtual flyer, the virtual flyer cost is \$50 per month. Discounts are available for multiple month commitments.

Contact your SYNEX sales rep, or Bob Evans at 510-668-3558 (bobe@synnex.com) for more information.
